

S2 Science: how well is your learning progressing?

Key area: Microbes and Disease	I can do this.	I need to go over this.	I don't know this.	Level
I can describe different microorganisms.				3
I can culture microorganisms safely.				3
I understand safe practice when using microorganisms.				3
I can investigate the effect of temperature on bacterial growth.				3
I understand the importance of washing hands to help reduce the spread of microbes.				3
I understand how the growth of bacteria can be controlled.				3
I can investigate the growth of fungi.				3
I understand how the growth of bacteria can be controlled.				3
I understand the growth of viruses and can name some diseases they cause.				3
I understand how microbes can cause disease and how they can be treated.				3
I understand how the body defends itself against disease.				3
I can describe how vaccines provide protection.				3
