

Preparing for Senior Phase S4-S6 2020-2021

Our National Priorities (and therefore our school priorities)

- Improvement in attainment, specifically in reading, writing and numeracy
- Closing the attainment gap(s) between the most and least disadvantaged children
- Improvement in children and young people's health and wellbeing
- Improvement in sustained school leaver destinations for all young people

The purpose of the Senior Phase

Young people who achieve qualifications and develop skills and qualities which allow them to move into a positive and sustained destination.

National Qualifications

THE SCOTTISH CREDIT AND QUALIFICATIONS FRAMEWORK

This Framework diagram has been produced to show the mainstream Scottish qualifications already credit rated by SQA and HEIs. However, there are a diverse number of learning programmes on the Framework, which, due to the limitations of this format, cannot be represented here. For more information, please visit the SCQF website at www.scqf.org.uk to view the interactive version of the Framework or search the Database.

Virtual Comparator

For each school leaver, ten matching school leavers are randomly selected based on gender, additional support needs, stage of leaving school (S4, S5 or S6) and the social context in which they live ([Scottish Index of Multiple Deprivation](#)). These characteristics were selected due to their significance in explaining differences in the attainment and destinations of school leavers in Scotland.

Our School attainment is in line with VC
Improving trends over last 3 years (excp 1 H)
HMiE grading satisfactory due to above 2 points

Takeaways

- Increasing curriculum opportunities
- Focus must remain on N5/H performance
- Increase L5/L6 opportunities linked to DYW opps
- Going forward expectation results will increase across all measures

Thinking about your young person ... what should be considered when planning their senior phase?

Planning your Senior Phase

Five big questions when you're choosing your subjects

Answering these questions will help when you're making your decision. You can use them to put together a shortlist of subjects.

1

How do you like to learn?

2

Where could they take you?

3

What subjects do you enjoy?

4

What subjects are you good at?

5

What do others think you're good at?

Remember to ...

- Aim for the best possible set of results
- Plan for progression through the senior phase for up to three years
- Consider that level of attainment is more important than having specific subjects in most cases

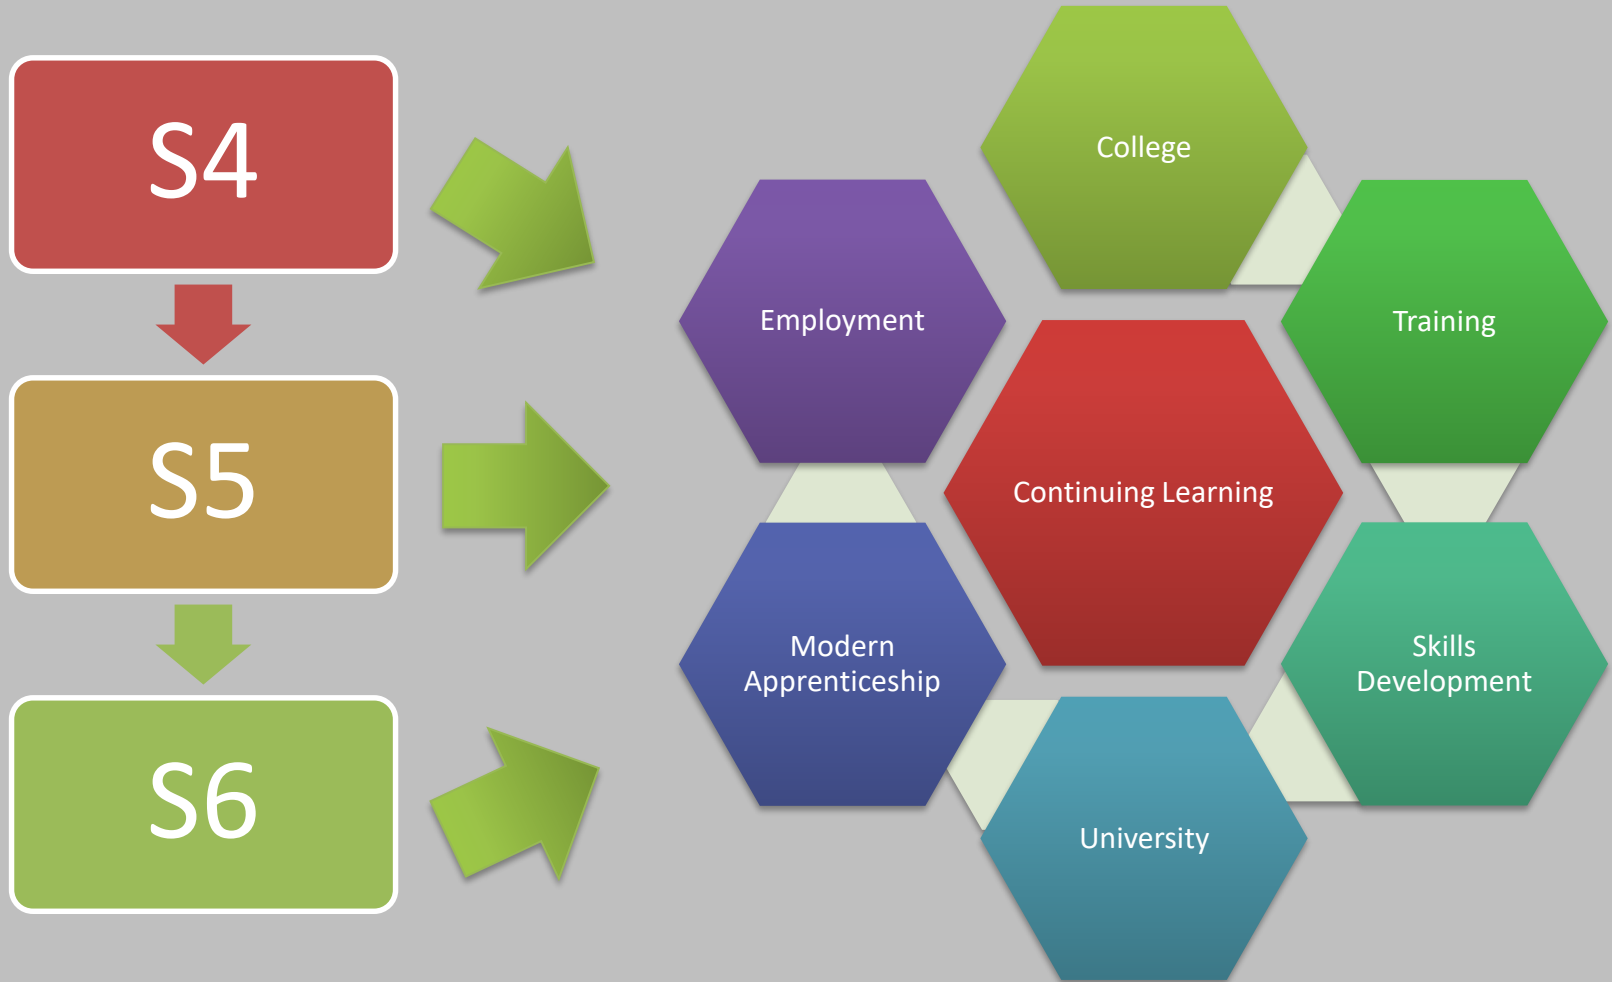

How?

- Looking at prior attainment in the S3 report focus on the subjects with highest levels of attainment
- Discuss strengths and next steps with teachers at parents evening (27.02.20)
- Use PSE/Careers input to identify pathway i.e career area or destination

What happens next; Course Choice Timeline

Current stage	Date	Activity
S3	From end of January	<ul style="list-style-type: none"> • Senior Phase Course booklets introduced to S3 through PSE classes • Letters issued inviting parents/carers to discuss curricular choices for S4 and the senior phase with the House Leader • S3 PSE programme begins to look at planning for choices and changes • Careers Fair
	Thursday 20 th Feb	<ul style="list-style-type: none"> • S3 Parents' Evening Senior Phase Info Session
	Thursday 27 th Feb	<ul style="list-style-type: none"> • S3 Parents' Evening
	Week beg 2 nd March	<ul style="list-style-type: none"> • Course Choice day; all S3 pupils agree choices for S4

Table Discussion Topics

What are the opportunities you and your child want as they move into and through the senior phase?

What might the challenges be?

What support do you think your child needs from you as they move through the Senior Phase?

Monitoring and Target Setting through the Senior Phase

WHY WE MONITOR & TRACK

To improve learning

To help learners to understand their learning and next steps

To support analysis of relative groups of learners

To provide an overview of each learners progress and achievement

To provide support and challenge in learning

USING  PROGRESS
TRACKING & MONITORING

Parents can expect:

- Regular tracking reports indicating your child's progress
- Generic examples of what can be done to improve or sustain a colour code
- Feedback to your child on next steps for learning
- Opportunities to discuss tracking reports in more detail. Please contact Head of House as required.

Pupils can expect:

- Regular learner conversations with class teachers using a coaching approach (GROW).
- Feedback identifying 'Strengths' & Next Steps' to inform progress in learning.

PTCs/SLT will conduct

- 6 weekly analysis of pupils on or off track
- Interventions agreed and contact with home if required
- On-going whole school analysis of Senior Phase attainment

REPORTING

On 5 occasions in the academic year teachers will colour code pupil progress and indicate via 'bullet point' statements:

key strengths
next steps

These comments will be short/succinct and based on current tracking period.

A 1 page report will then be issued to pupils. This compliments 2 parents' evenings in December and March.

TMR Senior Phase pupils 2020-2021

Current Performance Grade

Each tracking period teachers will indicate the level of course being sat, a 'current performance grade' which indicates the current level of achievement in each subject taken as well as rate your child's progress through a system of colour coding. The code applies at this moment in time given current performance.

Colour Code meanings

Student should pass and is performing at their ability level and beyond

Student should pass, however is capable of performing better than current level

Student may achieve a D award on the basis of current performance.

Student will not pass on the basis of current performance

These regular tracking updates should help you to support your child's learning and give you an accurate indication of their current progress. As parents, this information should be valuable to you as you support and encourage your child through this academic year.

Although generic in nature you may wish to use the colour code guide which gives additional information as to why your child has been coded at a certain colour in each subject. This guide is not exhaustive.

Any final questions?
