5. We increased appointment times from 5 minutes to 6 minutes. Was this timeslot appropriate, (knowing that the longer the individual appointment the fewer appointments can be accommodated within the overall time available)

- I would have preferred less time 0

### Do you have any comments to make about your appointments this evening?

I think u are all doing a great job adapting and supporting the children . Thank you

Brilliant evening. The teachers were great, clearly know my daughter and were clear on her next steps and what she needs to do to achieve. Thank you so much

Meeting with chemistry teacher froze but got the point of the meeting

Had appointment with 'career' department but no one came online?

Very slick, teachers feedback accommodated most questions I had thought about and would see this as a very much improved format and platform for future parent evenings.

It was really professionally organised and worked well. I was able to cover what I needed to, even although daughter's current needs are quite complex. Thank you!

Thank you to all teachers for their input. Seemed a bit rushed at end of appointment but got information required

Couldn't connect to any, very disappointed as I felt I needed to speak to my daughter's teachers.

6 minutes was an appropriate time

Great parents night love online very well organised and everything went very smoothly

I like the online system and efficiency of it. But if you had an explanation about the timetable in advance for example it stops each teacher covering this and you can focus on your child. But overall really like it.

I like the online parents evening, it's more flexible, easier to book, however I'd prefer 7 minutes. I appreciate this reduces capacity and availability but it allows a further discussion when needed. I'd like to thank everyone involved for their time and effort. Thank you all.

We are very grateful for the time teachers have taken with regards to son's education especially during the lockdown period. We are very pleased with his progress. Thank you.

Very positive experience. Everything ran smoothly and we appreciated the opportunity to speak with son's teachers. Thank you.

Everything went smoothly tonight - no technical hitches. Thank you.

It was good to get a current update on my daughter's recent and projected attainment. The video system worked well from a parental perspective.

We missed our first appointment due to problems logging on. Would it be possible to speak to Mr Easton by phone about Isla's AH maths please?

Was easier doing this online than going round teachers in school.

It went smoothly for most of our appointments, the screen froze during one appt and we got cut off , however we had discussed all we needed to.It wasn't a problem. The extra minutes were Definitely an improvement from last time.

Was good but didn't get to speak to one teacher, she didn't appear?

Perfect

All the teachers were very clear regarding grading and the process. Found it very well informative and have a clear understanding on exactly where son is now positioned.

I could see and hear teachers but they could not hear me. I tried using another device which had the same issue so the platform was the problem. This meant I could not ask any questions or give and inputs to daughter's progress.

One teacher was late to the appointment meaning we only had 2 minutes. Other than that, all worked well & we focused on main discussion points.

Found it frustrating as we were cut off mid sentence in a few of the meetings therefore did not gain information I wanted

Teachers were well prepared and got the important information across.

This was much better than the last time. Even though it was only one minute longer, it felt much more relaxed and not so frantic. Connections were better as well. Thank you to all the staff.

Many thanks to the teachers for informative feedback.

Good feedback from teachers and realistic expectations of achievement with good direction over where improvements can be made to better test results. All the teachers were knowledgeable about my child and offered helpful advice for her to achieve her potential.

Very efficient and thanks to office staff as fitted another appointment in for us on the night - very impressed

Online parents night is the way forward. It is so much more convenient and effective and must also be better for the teachers too

I think this system works well. It's calm & relaxed and like that the 6min time slot allows the appointments to be focussed.

All ran very well. Thank you.

I never got the full time with the teachers due to connection problems 😞

Being able to select longer with certain teachers would be great

Very positive feedback from all my son's Teachers. He is doing well & I'm so proud of him. Thanks to all his Teachers for your ongoing Support. Also thanks to Rhona Duncan Careers Advisor as she has helped my son so much. A great Night & a very happy Mum!

It all went very smoothly. Thanks to all the staff and their hard work at this time.
